REVISION

POLICY: W34B

The ____FT ____IN sign (W34B) shall be used to warn motorists of structural clearances 15'-6" or less. It should be centered over the traveled way on the approach side of all underpasses, overheads, viaducts, overcrossings, undercrossings, and grade separations for state highways. It shall not encroach over the shoulder area.

The W34B sign shall display the minimum vertical clearance to the nearest inch, not exceeding the measured value.
